

RM of Reno ROAD DEFINITIONS Policy:

Implemented by Resolution #2025-070

Purpose of Policy – To define the RM road system using the Rural Road Classification Criteria and priority of road maintenance. Colors coincide to road legend on RM of Reno map.

Primary Grid (Green) Class 4 – Clearing the Path Corridors – Primary Weight - Maintained year-round with priority grading and plowing.

**Grid Road - Gravel (Red) Class 5 – Main Roads – Secondary Weight – Maintained year round
Grid Road Definition: 7.6 meters wide – ditch bottom is 15 - 20ft wide – backslope of 5:1. Priority grading and plowing.**

Municipal Roads - Graveled (Brown) Class 6 – Secondary Weight - Maintained year round

Farm Access Roads - Graveled (Blue) Class 6 - Maintained year-round (graded twice per year/snowplow as needed and request by councillor for that division).

Municipal Roads Seasonal (Grey) Class 7 – Maintained and gravelled at council discretion through summer months, not year-round roads, least priority. Only snow plowed if time allows upon councillor of that division's discretion.

Bladed Trails (Purple) Class 7 – Graded (bladed) at least once per year as per condition. No snowplowing unless requested by council for a ratepayer. Custom rates will apply.

Undeveloped Road Allowance (White) – No roads, no maintenance.
