

## Road Grading Policy

Resolution # 183/01 & # 168/05

The Rural Municipality of Reno # 51 assumes the cost of grading one access road for each occupied dwelling.

Grid roads and school bus routes have first priority, then farm access, and then other access routes or trails as time permits.

No farm access road shall be graded for the 2<sup>nd</sup> (3<sup>rd</sup>) time until all have been graded for the 1<sup>st</sup> (2<sup>nd</sup>) time.

Carried.
